The Hynish story from public records

Panchsheel Hynish, Plot GH-08A, Sector-1, Greater Noida (West) · Public records to 4 November 2026

What this is. A neutral account of the society built only from public records: official letters and plans filed with UP RERA, court orders and case status, association notices published online, news reports and property listings. Private messages and documents carrying buyers' personal details are excluded. Official records that reached residents through WhatsApp (court judgments, Authority orders and minutes, Deputy Registrar and election-officer letters, the Deed of Declaration and NPCL notices) are included; those naming private residents are cited, not reproduced. Where sources disagree, both are given. Gaps are listed, not filled. This is not legal advice.

1. The story in six chapters

1. The land (2010-2012)

In March 2010 the Greater Noida Authority allotted a 204,000 sq m group-housing plot, GH-08 in Sector-1, to a consortium led by Supertech with Panchsheel Buildtech as a member. A 30,000 sq m sub-plot, GH-08A, was leased to Panchsheel the same year. Within a year, court rulings on land acquisition in Greater Noida West halted building across the area until 2012. [S73] [S74] [S65] [S67]

2. Building twelve towers (2014-2021)

A revised plan approved in May 2014 kept seven towers of stilt + 14 floors (T1-T7) and added five taller ones: T8-T9 at stilt + 24, T10-T11 at stilt + 20 and T12 at stilt + 21, for 1,312 homes. The later towers were registered with UP RERA in three phases. Tower-10 received its completion certificate in October 2018; by 2019 ten towers were occupied, and the last phase was recorded complete in January 2021. [S75] [S17] [S58] [S20] [S64]

3. Residents organise (2023-2024)

Residents registered an apartment owners' association, reported in February 2023 with a nine-member board under registration GBN/10037/2022-2023. In March 2024 an election under an administration-appointed officer chose a new board, which said its first goal was taking over the society from the builder. [S40] [S01] [S41] [S02]

4. Handover and everyday services (2024)

Through 2024 the AOA held meetings on handover, an MOU with the builder and NPCL multipoint electricity. In May the Authority directed the builder to hand over maintenance and the electricity connection by 15 July; in July the MOU was still "in progress". The AOA took over maintenance on 7 September 2024, by its own records, but the electricity connection stayed in the builder's name. The same year saw water shortages, power-cut protests and complaints about lifts, the pool and maintenance charges, with the AOA, the MP and

authorities approached. [S03] [S04] [S05] [S81] [S82] [S89] [S47] [S21] [S49] [S42]

5. Elections in dispute (2025-2026)

The board elected in March 2025 was challenged. Deputy Registrar orders, SDM decisions and two High Court judgments followed, with the courts sending questions back to the administrators. In September 2026 the SDM reportedly upheld the 2025 election; a new petition was registered in the High Court in November 2026 and was pending. [S44] [S06] [S07] [S13] [S09]

6. Where things stand (2026)

Open questions in late 2026 include the AOA election process; NPCL's mandatory multipoint conversion, which its October notice says about 200 residents opposed; registry for Tower-11 and 12 owners, where the Authority gave the builder until about October 2026 to obtain completion and execute sub-leases; a tax-tribunal order on passing benefits to Tower-10 buyers; and resident demands for public accounts. Each is tracked here with what the public record shows and what it does not. [S88] [S79] [S56] [S39] [S35] [S70]

2. The society as planned

Plot GH-08A, Sector-1, Greater Noida (West), 30,000 sq m (7.41 acres). Figures below are from the 2014 approved site plan unless stated. [S17] [S75] [S58] [S20] [S59] [S77] [S80]

- Homes in approved plan: 1,312 (988 + 324 purchasable FAR)

- T10: stilt + 20 floors, 160 homes; Phase 2; RERA UPRERAPRJ8538; completion: Completion certificate 31 Oct 2018; RERA phase 1 Oct 2019.
- T11: stilt + 20 floors, 160 homes; Phase 2 (purchasable FAR); RERA UPRERAPRJ8538; completion: 1 Oct 2019 (RERA data).
- T12: stilt + 21 floors, 164 homes; Phase 3 (purchasable FAR, community floor); RERA UPRERAPRJ8545; completion: 1 Jan 2021 (RERA data). Registry for many owners reported pending in 2026 (S56, S57).

Schematic model traced from the 2014 approved site plan. Footprints and positions are approximate; heights assume about 3 m per floor plus stilt. The as-built society may differ from the approved drawing, and the commercial block's height is not given on the plan.

3. Legal and administrative case tracks

Each track is separate. One case is not evidence about another.

C01. 2025 election challenge and High Court remand

Writ-C 17915/2025 with 19634/2025 · Official signed PDF held

Forum: Allahabad High Court / Deputy Registrar / Prescribed Authority Parties: PHAOA and Vinod Negi; connected petition by Sandeep Sharma and 17 others v State of UP and others

Challenge to the DR decision discarding the 22 March 2025 election. On 1 August the High Court quashed the DR order and remitted for fresh determination.

Relief sought

Judgment reproduces two main prayers: quash DR order dated 15 May 2025; direct DR to recognise the 22 March 2025 election. This is the 2025 writ, not the current 2026 petition.

What the record establishes

DR order set aside; both writs allowed with remand and hearing of both sides, preferably eight weeks from receiving certified copy. It does not finally resolve all electoral objections.

Still not public

Full petitions/annexures, DR orders, result/attendance records, certified-copy receipt trail.

C02. 2026 SDM decision, High Court order and correction

Writ-C 18764/2026; 2026:AHC:110600; correction IA/2/2026 · Primary orders available

Forum: Allahabad High Court / SDM Dadri Parties: PHAOA and Vinod Negi v State, Deputy Registrar, Prescribed Authority/SDM and Anuj Kumar

Challenge to April 2026 action. On 13 May the HC set aside the 24 April SDM order and directed a fresh reference-maintainability decision; it addressed the election restraint, bye-laws and a consequential DR order. The dispute reached SDM Dadri through DR letter 6021 of 25 August 2025 under Section 25(1).

Relief sought

Full petition unavailable. Judgment identifies challenges to 24 April and 29 April orders; do not present reconstructed requests as the complete filed prayer clause.

What the record establishes

One month for reference decision from production of certified copy, followed by elections within one month of that decision. 20 May correction fixes three dates. September dismissal is news-reported; original unavailable.

Still not public

April SDM/DR orders in full; complete petition, stay application, certified-copy production, September decision and October officer directions.

C04. Builder cheque complaint and quashing application

Complaint 380/2025; BNSS 8843/2026 · 21 April HC order available

Forum: ACJM Court 3, Ghaziabad / Allahabad High Court Parties: Smt Anjali Negi and two others v State and another; underlying Panchsheel Buildtech v Panchsheel Hynish Apartment and others

Section 138 NI Act summons dated 27 August 2025 challenged. HC order records a monetary dispute and possibility of compromise.

Relief sought

HC application sought quashing of summons and entire underlying proceeding. This is stated in the order; full application and complaint unavailable.

What the record establishes

Disposed with a conditional route to seek compounding, deposit 10% of cheque amount and time-limited protection. Cheque amount, later payment, settlement or trial outcome unverified.

Still not public

All accused names, cheque/amount/signatory, complaint, summons, settlement application and post-April order sheets. No inference that election/parking merits were decided.

C05. Tower-11/12 sub-lease registry case

Writ-C 13589/2026 · Disposed 9 Apr 2026; Authority order 15 Jul 2026

Forum: Allahabad High Court; Greater Noida Authority Parties: Sourabh Thukral and 28 others v. State of U.P. and 3 others (cause title as quoted)

Home-buyers sought sub-lease execution and a decision on their 12 February 2026 representation. The High Court disposed of the writ on 9 April 2026 without a view on the merits, asking the Authority to decide within three months of the certified copy. On 15 July 2026 the Authority directed the builder to pay lease rent and, within three months, obtain completion for Towers 11 and 12 and execute sub-leases for their home-buyers generally.

Relief sought

As quoted in the Authority's order: sub-lease execution within a fixed time, and a decision on the 12 February 2026 representation. Counsel confined the prayer to the second.

What the record establishes

A direction to decide, not a registry order. The three-month registry window comes from the Authority's order and depends on a completion certificate that had not been issued. In May 2026 residents said registry had not started.

Still not public

Signed High Court order with neutral citation; the petition; proof of completion and sub-lease execution after October 2026.

C06. Current election-control challenge

Writ-C 45508/2026 · Pending / Newly Fresh on 3 Nov 2026

Forum: Allahabad High Court Parties: Panchsheel Hynish Apartment Owners and Another; Vinod Negi v State, Deputy Registrar Firm, Election Officer and Anuj Kumar

Filed 29 October; registered 3 November. CNR UPHC056633602026, filing CIVIL12/276142/2026, diary 266021102026. Official record confirms institution and parties.

Relief sought

NOT OBTAINED. Descriptions of what this petition seeks, circulating among residents, remain unverified until the filed petition is seen.

What the record establishes

No first/next hearing date shown, and no order available in the captured public status. An operative stay has not been verified.

Still not public

Complete filed petition with prayers, interim application, current authorising resolution and costs, any order since filing, current listing.

4. What the records show

F01. The May deadline was repeatedly oversimplified

Elections · Document-backed

The operative paragraph 16 has two stages: Prescribed Authority decides within one month of certified-copy production; elections follow within one month of that decision. It is not a standalone deadline of 13 June. Actual service and September decision are necessary to evaluate delay. If the reported 30 September decision is confirmed and paragraph 16 applies without modification, 30 October is a date to examine, not an independently established breach.

F02. Three corrected dates materially affect the chronology

Elections · Document-backed

20 May correction changes 19 October to 9 October 2025; 27 February to 7 February 2026; and 22 March 2026 to 22 March 2025. Original five-page versions and press reports can carry the old dates. The combined order is the better working reference. Paragraph 10 also prints 17195 rather than 17915; the correction order does not address this, so it is flagged rather than silently changed.

F03. Some delays predate the current writ

Elections · Document-backed

The High Court itself records that elections notified on 21 February 2026 were stopped by an order of 23 February. That weakens any claim that every delay arose solely from AOA refusing to hold an election. It does not settle whether the October challenge was necessary, proportionate or resident-approved.

F04. No public account of AOA legal spending

Governance · Not public

Residents publicly demanded accounts in October 2026 and alleged large collections in February 2026; the AOA called the allegations baseless and earlier defended its handling of the water crisis. No audited accounts or case-wise legal-expense statement is public, so neither the allegations nor the rebuttal can be checked from public material.

F05. Why 2024 notices and later records name different presidents

Registration · Explained by public reporting

Reporting on the 16 March 2024 election names Anjali Negi as president, matching the 2024 notices. The High Court judgment identifies Vinod Negi as president elected on 22 March 2025, matching later records. These are two different election results, not an inconsistency. Original result sheets are still not public.

F06. A parking-right promise survives a zero-price label

Parking · Document-backed

One allotment exemplar itemises covered parking-1 as FOC, while its general clause 30 describes paid, first-come parking and a separate agreement. The separate sublease exemplar grants use of one covered parking in its schedule. These show specific promises need examination even where a separate parking price is zero. They do not establish that every flat has identical terms or decide enforceability.

F07. The sublease expressly attempts to exclude parking from handover

Parking · Document-backed / legal effect unresolved

Clause 30 says common services transfer to the association while parking and certain other facilities will not. The same deed contains a specific one-covered-space usage right and a clause requiring compliance with the Apartment Act/rules. This could help explain a services-versus-parking handover split, but it does not prove the clause is legally effective or the actual MOU adopted it. Obtain the signed MOU, declaration and parking inventory.

F08. The 180-space gap is not the same as a 180-space regulatory deficit

Parking · Plan-backed

The drawing records 1,312 homes and 1,132 proposed car spaces, a difference of 180. But it records minimum required car spaces as 1,003, so proposed inventory is 129 above that drawing minimum. These are different comparisons. Actual usable bays, approved later revisions and the total contractual promises still need audit. The sheet alone neither proves compliance today nor identifies owners without rights.

F09. Multiple phase filenames are duplicate copies, not separate corroboration

Parking · Hash-verified

Plan files filed under phases 1, 2 and 3 share one SHA-256 hash, and the sanction letter, land allotment and lease deed also appear under more than one phase. The common plan is whole-site in content. Repetition is not independent corroboration; a byte-level duplicate report is included.

F10. Tower numbers differ between sales and sanction records

Parking · Document-backed

The sublease identifies a sanctioned Tower-9 with sales-plan Tower-7. Parking/right audits should match plot, sanctioned tower, sales tower and flat identifier before declaring mismatches. A similarly named Phase-3 document cannot be assumed to prove a current Tower-12 fact without mapping.

F11. Road and designated-use restrictions are explicit

Parking · Certificate-backed

The Tower-10 certificate says no parking on road and use only as designated in the plan; changes require authority permission. The plan shows six-metre fire-tender roads and green areas. These documents justify checking actual occupation against approved geometry, not treating circulation/green space as spare permanent bays. The certificate covers Tower-10, not all towers.

F12. MOU and multipoint issues were already on the 2024 agenda

Handover · Document-backed

July notice discusses CAM handover/MOU; December notice discusses MOU compliance and NPCL multipoint. Notices demonstrate acknowledgement and planned discussion, not completion, agreement terms, performance or legal fault. They provide a concrete document trail for requesting minutes, MOU annexures and implementation correspondence.

F13. Separate proceedings must not be used as substitutes

Related cases · Evidence distinction

The cheque matter, election writs, reported parking case and Tower-12 registry case concern different relief and parties. An order mentioning an AOA does not necessarily settle its election or accounts. Searches also surfaced unrelated cases where Hynish was only an address; those are excluded.

F14. Insufficient support is not the same as forgery

Governance · Evidence distinction

Public reporting of the 30 September 2026 SDM decision says the challengers did not show support from one quarter of 1,211 eligible members. That is a finding about support, not a public finding that any signature was forged. Any forgery claim needs the order, the lists and a judicial or forensic finding.

F15. Meter replacement and disconnection are separate questions

Electricity · Conflicting accounts

A meter may need replacing while the authority, notice and process for disconnection remain separate questions. The public resident account does not establish a cause of failure, who pays, or the legal basis for disconnection; no AOA or NPCL response is public. The wider multipoint conversion would change who supplies and bills each flat.

F16. Hynish sits on a sub-plot of a much larger 2010 allotment

Land & project · Document-backed

In March 2010 the Authority allotted the 204,000 sq m GH-08 plot to a Supertech-led consortium that included Panchsheel. Hynish is on GH-08A, a 30,000 sq m sub-plot leased to Panchsheel Buildtech in 2010. The sub-division record itself is not public.

F17. The towers were built in four stages

Construction · Plan- and listing-backed

The 2014 revised plan shows T1-T7 (stilt + 14) as already sanctioned and adds T8-T9 (stilt + 24), T10-T11 (stilt + 20) and T12 (stilt + 21). RERA data dates the three registered phases from 2014 to 2021, and a 2019 report had 10 towers occupied. Completion certificates for towers other than T10 are not public.

F18. Public numbers about the society conflict

Land & project · Conflicting sources

Unit totals: 1,312 (approved plan, most listings), 1,305 (builder website), 1,314 (one listing). Land: 7.41 acres / 30,000 sq m (plan) versus 7.00 acres (one listing). Plot: GH-08A (lease, plan, AOA website) versus GH-08 (a listing). Possession: May 2018 or January 2021 depending on the phase. The approved plan and registered lease are the stronger records. Allotted area of GH-08: 204,000 sq m (allotment letter) versus 209,557 sq m (Deed of Declaration).

F19. Two election officers in 2025, at different times

Elections · Resolved by documents

Both reports fit the record. The 15 May 2025 DR order, reproduced in the official judgment, named the District Backward Class Welfare Officer. By 20 June 2025 the District Supply Officer had been nominated, and wrote to the AOA on 1 July asking for records and Rs 2.56 lakh. The High Court quashed the 15 May order on 1 August 2025.

F20. Public coverage is mostly complaints

Governance · Balance note

Almost all public news about Hynish carries residents' complaints. AOA statements appear in only a few items, and no public coverage of festivals or community events was found, though notices circulated to members show an annual "Hynish Day" on 7 September and a resident cricket league. The archive therefore says less about everyday community life than about disputes; that is a gap in public records, not a finding about the society.

F21. Handover: 7 September 2024 by AOA records, without the electricity connection

Handover · Association records / document missing

AOA records give 7 September 2024; one news report said 6 September. Authority minutes show handover was directed by 15 July 2024, the electricity connection was still in the builder's name, and the MOU was "in progress". NPCL's 2026 notices are still addressed first to the builder. The signed MOU and inventory are not public.

F22. The Tower-12 order was a direction to decide, not a registry order

Related cases · Document-backed

The High Court's 9 April 2026 order, quoted in the Authority's 15 July order, asked the Authority to decide a representation within three months and expressed no view on the merits. Reports of "registry within 90 days"

overstated it. The registry deadline is the Authority's own direction to the builder, depends on a T11/T12 completion certificate not yet issued, and covers Tower-11 and 12 home-buyers generally, not only the 29 petitioners.

F23. NPCL's 2026 case for conversion rests on defaults, not consent

Electricity · Document-backed

The 2020 notice used the consent route: multipoint unless a majority kept single point. The 2026 notices invoke "three defaults" under the 10 October 2024 tariff order (collection reports and a CA audit) and treat conversion as mandatory. Both 2026 notices are addressed to the builder, which still held the connection, and the AOA jointly; the notices do not establish which party defaulted, and the default letters themselves are not in hand.

F24. The declaration does not list parking as a common area

Parking · Document-backed / annexures missing

The 2015 Deed of Declaration says no parking is provided in common areas, although its basement description includes parking. The annexures that would define limited-common or independent areas, where parking may have been placed, are not in the circulated copy. On this document the approved plan's 1,132 car spaces are not general common property; whether a reservation was lawful needs the missing annexures and the approved parking map.

6. Records not yet public

Documents that would settle open questions but were not found in public. Not found does not mean they do not exist.

M01. Original registration certificate, memorandum, registered bye-laws and amendments

Likely holder: Registrar / AOA

Required to establish exact formation date, registered objects, powers, approval thresholds and governing text.

What is known: The first president said registration was on 31 January 2023 under the name Panchsheel Hynish Flat Owners Association. [S40] [S48]

M02. Year-wise Section 4 filings, election results and office-bearer transitions, 2023-2026

Likely holder: Registrar / election committees / AOA

Resolve initial board, Anjali/Vinod naming and membership continuity without assumption.

What is known: March 2024 results are reported (S41); reports say the AOA was time-expired in mid-2025 and lacked DR recognition in February 2026. [S41] [S33] [S34]

M03. Executed builder-AOA MOU, annexures, handover date and signed asset/liability inventory

Likely holder: AOA / builder / GNIDA

Meeting notices are not the transfer instrument; identify accepted assets, exclusions, liabilities and outstanding obligations.

What is known (Partly filled): AOA records give 7 September 2024; Authority minutes of May and July 2024 show a 15 July 2024 handover direction and the MOU "in progress". The MOU and inventory are not public. [S89] [S81] [S82] [S47]

M04. GBM notices, attendance, minutes and votes, 2024-2025

Likely holder: AOA

Test authorisation and what residents actually decided, including NPCL and MOU implementation.

What is known: The AOA website listed 2025 meeting notices; minutes are not public. [S48]

M05. Any AOA-builder case about parking or handover

Likely holder: AOA / builder / courts

No public record of such a case was found. If one exists, its forum, case number and orders are needed before anyone relies on it.

What is known: No forum or case number found in public mirrors.

M06. Flat-wise rights, numbered bay allotment and transfer/cancellation registers

Likely holder: Builder / former maintenance / AOA

Reconcile all genuine promises, duplicate bays, second spaces, cancellations and actual occupation.

M07. Section 12 declaration, deed schedules, all revised/as-built numbered parking plans

Likely holder: Builder / GNIDA / Registrar

Establish legal common/reserved areas, lawful inventory and approved alterations.

What is known (Partly filled): Form A Deed of Declaration (3 December 2015) with Annexes A-D. Annexures E and F, the registration endorsement and the approved parking map are still missing. [S80]

M08. Former-maintenance contract, authority matrix, RFID/sticker database and payment trail

Likely holder: Builder / former maintenance / AOA

An operational sticker is not automatically a permanent right; no bribery conclusion without evidence.

M09. All tower completion/occupancy certificates and independent physical survey

Likely holder: GNIDA / architect / AOA

Tower-10 certificate and one approved site sheet cannot establish all present usable spaces.

M10. Full 2025 petitions, annexures, DR order 15 May and result/attendance/share records

Likely holder: AOA / court / Registrar

Complete first litigation record and reliably examine procedural objections.

What is known (Partly filled): The official judgment PDF reproduces the operative text of the 15 May 2025 DR order and the officer it named. [S78] [S44] [S45] [S33]

M11. Original October 2025 and February 2026 restraints, service and variation orders

Likely holder: SDM / DR / parties

Determine actual scope and duration of policy, financial and election restrictions.

What is known (Partly filled): DR order 3169 of 31 December 2025 (seen; not reproduced) conditions meetings held while the SDM reference is pending. [S85]

M12. Full SDM order 24 April and DR order 29 April 2026

Likely holder: SDM / DR

HC reproduces/discusses them but full context and annexures are missing.

M13. Certified-copy production record and signed SDM decision 30 September 2026

Likely holder: SDM / parties

Verify timetable, reference maintainability, signature findings and operative directions.

What is known: Report names SDM Dadri Abhinendra Singh and a direction to the Deputy Registrar, Ghaziabad; request the order from that office. [S13]

M14. October DR appointment/direction, 15 October election-officer notice and current schedule

Likely holder: DR / election officer

Reconcile September result with who is presently conducting elections and compliance deadlines.

What is known (Partly filled): The 2025 election officer's letter 638 is held; the October 2026 directions are still missing. [S84] [S13] [S33]

M15. Writ-C 45508/2026 filed petition, actual prayers, interim application and all orders

Likely holder: AOA / counsel / court

Current prayers remain unknown. No uploaded stay was found in the 3 November status capture.

What is known: No order or petition text found on public mirrors as of 3 November 2026.

M16. Case-wise resolutions, fee engagements, invoices, payments, reimbursements and funding ledgers

Likely holder: AOA / treasurer / auditor

Establish spend-to-date and forecast; the April resolution is not an expenditure account.

What is known: A February 2026 report records alleged renovation collections; no amounts or ledger. [S34]

M17. Audited annual accounts, budgets, vendor contracts and resident approval minutes

Likely holder: AOA / auditor

No complete financial ledger or audit was obtained; crore-level allegations are not adopted.

M18. NPCL 22 October notice, survey/site report, AOA response and UPERC/NPCL directions

Likely holder: NPCL / AOA / regulator

Test proposed installation and alleged obstruction, exact regulatory duties and present status.

What is known (Substantially filled): Full texts of NPCL's 2020 notice and its notices of 15 September and 22 October 2026. Still missing: the 13 October notice, the default letters, any AOA reply and the 28 October outcome. [S86] [S87] [S88]

M19. Meter failure, warranty and disconnection records for the November 2026 complaint

Likely holder: Resident / AOA / maintenance / NPCL

Resolve the competing accounts without treating any one as a finding.

What is known: A resident's public video account exists; no AOA or NPCL response is public. [S55]

M20. Original police records, water notices/tests, STP demands and liability allocation

Likely holder: Police / GNIDA / AOA / builder

News incidents do not establish adjudicated responsibility or current enforcement status.

What is known: Hynish is a named respondent in NGT OA 392/2022 (groundwater); UPPCB reports in that case may cover it but were not opened. [S38]

M21. Complaint 380/2025 papers and orders after 21 April 2026

Likely holder: Ghaziabad court / parties

Determine cheque amount, accused, settlement or continuation; temporary protection is not a final outcome.

What is known: No later order found on public mirrors.

M22. Tower-12 registry case number, signed order and implementation evidence

Likely holder: Petitioning owners / counsel / court

Verify exact beneficiaries, conditions, deadline and execution; reporting alone is insufficient.

What is known (Mostly filled): Writ-C 13589/2026, its 9 April 2026 direction and the Authority's 15 July 2026 order are known (order seen; not reproduced). Still missing: the signed High Court order and proof of sub-lease execution. [S79] [S56]

M23. GNIDA sub-division of GH-08 into GH-08A and other sub-plots

Likely holder: Greater Noida Authority

Shows how and when the larger consortium plot was divided.

What is known (Partly filled): The Deed of Declaration gives 209,557 sq m allotted, 30,000 sq m of it Panchsheel's; the allotment letter says 204,000 sq m. The sub-division order is still missing. [S80] [S73] [S74]

M24. Completion/occupancy certificates for T1-T9, T11 and T12

Likely holder: Greater Noida Authority / builder

Only the Tower-10 certificate is public; tower-wise dates are otherwise from listings.

What is known (Partly filled): The Authority's 15 July 2026 order records that completion for Towers 11 and 12 had not been obtained. [S79] [S58] [S20]

7. Method, balance and limits

- Public records only: private messages, members-only AOA minutes and accounts, user-supplied images and documents carrying buyers' personal details are excluded.
- This is a dated archive, not a live status service or a complete court file. Records are as found by 4 November 2026.
- Listings and aggregators are used only for basic project facts and are labelled; news reports are attributed, not adopted.
- The 3D model is a schematic traced from the 2014 approved plan, not a survey of the as-built society.
- Not legal advice.
- Official records (allotment, lease, sanction, plan, completion certificate) were read from the scanned copies the builder filed on UP RERA. The official up-rera.in portal could not be opened during research, so RERA phase dates come from an aggregator copy and are labelled.
- Most public news about Hynish reports residents' complaints. AOA and builder statements are rarer; no public coverage of community events was found, though notices circulated to members show recurring events. That imbalance belongs to the public record, not to a finding about the society.
- News using the spellings "Highness", "Highnish" or "Haynish" is matched to Hynish only where the location and people make it clear, and lower-confidence matches are marked.

S17. Approved GH-08A site plan

Project record (UP RERA upload)

Approved site plan for Plot GH-08A, Sector-1 (30,000 sq m / 7.41 acres), revised sanction stamped May 2014. Towers T1-T7 are stilt + 14 floors (84 flats each), T8 and T9 stilt + 24 (144 and 96 flats), T10 and T11 stilt + 20 (160 each), T12 stilt + 21 with community area (164). That is 988 flats at 2.75 FAR plus 324 purchasable-FAR flats = 1,312. It also records 1,132 car and 650 two-wheeler spaces (minimum 1,003 cars), projected population 5,904, ground coverage 31.27%, 10,326 sq m green area, a commercial block, three entries from service roads and 6 m fire-tender roads.

S18. Registered sublease exemplar: rights and handover clauses

Publicly filed deed / not reproduced

A registered sublease publicly filed on UP RERA for one Phase-1 flat. Its schedule grants use of one covered car space; clause 30 says parking and certain facilities will not be handed to the association; clause 40 recognises applicable law. Not reproduced or linked here because it carries a buyer's personal details. Contract wording is not a ruling on enforceability.

S19. Allotment exemplar: FOC parking versus general clause

Restricted personal-data exemplar · 2018-05-29

Allotment exemplar publicly filed on UP RERA. Page 3 itemises one covered parking FOC; page 9 clause 30 describes parking on request/payment, first-come-first-served and a separate agreement. Not reproduced here because it carries a buyer's personal details. Individual promises need reconciliation with boilerplate.

S78. High Court judgment of 1 August 2025: official signed PDF

Primary court document · copy circulated to members · 2025-08-01

Digitally signed judgment (2025:AHC:129355, Court No. 32) in Writ-C 17915/2025 with 19634/2025; not a certified copy. Its Hindi passages are legible. It quotes the Deputy Registrar order of 15 May 2025, which discarded the 22 March 2025 election under Section 25(2) because the election committee was formed by show of hands and share certificates were issued selectively, barred policy decisions, and named the District Backward Class Welfare Officer as election officer. The Court found only procedural objections, which belong to the Prescribed Authority under Section 25(1), set the order aside and remitted the matter.

S79. Greater Noida Authority order of 15 July 2026 on the Tower-11/12 sub-lease representation

Official order · seen, not reproduced · 2026-07-15

Order of the Authority's ACEO (Builders) under Allahabad High Court Writ-C 13589/2026, Sourabh Thukral and 28 others v. State of U.P. and 3 others. It quotes the High Court order of 9 April 2026: counsel confined the prayer to a decision on the home-buyers' 12 February 2026 representation, and the writ was disposed of without any view on the merits, the representation to be decided preferably within three months of the certified copy. After a hearing on 2 June 2026 the Authority records a part temporary occupancy certificate for 1,029 units/shops with 1,015 sub-leases executed, lease rent of Rs 92,97,055 due, and no completion certificate for Towers 11 and 12. It directs the builder to deposit the lease rent and, within three months, obtain completion for Towers 11 and 12 and execute sub-leases for their home-buyers. Letter number and day are handwritten. Not reproduced here because it names individual home-buyers.

S80. Deed of Declaration (Form A), 3 December 2015

Statutory declaration (scanned) · copy circulated to members · 2015-12-03

Form A declaration under the UP Apartment Act by Panchsheel Buildtech for "Plot No GH-08, Sector-1, 30,000 sq m", leasehold for 99 years under a lease deed of 6 July 2010. Annex B lists 12 towers and 1,312 apartments (84 each in T1-T7, then 144, 96, 160, 160 and 164). Annex D lists a single 7,513 sq m basement (STP, parking, ramp, panels, tank), lawns 875 sq m, play area 250, pool 213, basketball 428, two badminton courts, a 960 sq m club, and 2 lifts per tower in T1-T7 and 3 in T8-T12; it states "No parking provided in common area & Facilities" and gives the allotted area as 209,557 sq m, of which 30,000 sq m is Panchsheel's. Annexures E and F (limited common and independent areas), several original pages and any registration endorsement are not in this copy; area totals differ between clause FOURTH and Annex C.

S81. Authority meeting minutes no. 215 (27 May 2024)

Official minutes · copy circulated to members · 2024-05-27

Minutes of a 21 May 2024 meeting chaired by the Authority's ACEO (Builders) with the builder and AOA office-bearers. The society's electricity connection was still in the builder's name; the builder said it would transfer it if the AOA refunded the NPCL security deposit, and the AOA agreed. The AOA asked for multipoint supply. A draft handover agreement was being prepared, and handover of the connection and maintenance was directed by 15 July 2024.

S82. Authority minutes no. 234 of the 16 July 2024 meeting, with AOA letter of 18 July 2024

Official minutes · seen, not reproduced · 2024-07-25

Minutes issued 25 July 2024 (day handwritten) of an Authority-builder-AOA meeting: the builder's MD said signing of the builder-AOA MOU was "in progress"; the AOA said MOU annexure points were unresolved; power, DG, STP, fire and lift issues were raised. The attached AOA letter of 18 July 2024 asked for a handover order before 1 August 2024 and cited an NPCL survey recommending three 1,500 kVA transformers. Not reproduced here because the attachment carries personal phone numbers and e-mail addresses.

S83. Deputy Registrar letter 3194 of 15 February 2025

Official letter · seen, not reproduced · 2025-02-15

Forwarding a residents' complaint of 11 February 2025, the Deputy Registrar told the AOA to hold its election under the UP Apartment Act 2010 and model bye-laws 2011. The complaint said the Deed of Declaration had not been amended; the letter quotes the joint-owner rule (only the first-named owner votes) and warns that an election against the rules would be void. Not reproduced here because its copy list carries residents' flat numbers.

S84. District Supply Officer (election officer) letter 638 of 1 July 2025

Official letter · copy circulated to members · 2025-07-01

The District Supply Officer, Gautam Buddh Nagar, nominated election officer by letter 600 of 20 June 2025, told the AOA to supply the Deed of Declaration, membership/voter list, registered bye-laws and an estimated election cost of Rs 2,56,000 by 5 July 2025 for an election within one month, warning of action under the UP Apartment Act 2010. Copied to the DM and the Deputy Registrar.

S85. Deputy Registrar order 3169 of 31 December 2025

Official order · seen, not reproduced · 2025-12-31

Recalls DR letter 6021 of 25 August 2025, which referred the election dispute to the Prescribed Authority (SDM Dadri) under Section 25(1). On a complaint of 24 December 2025 that GBMs were being called while the reference was pending, it says that AGBMs not held according to the rules would be void. It does not itself declare particular meetings void. Not reproduced here because its copy list carries a resident's flat number.

S86. NPCL final notice of 17 July 2020 on multipoint

Utility notice · copy circulated to members · 2020-07-17

NPCL notice to the builder, the society and residents, after its letter of 21 August 2018 on the 13th Amendment to the Supply Code and reminders in 2020. Under the UPERC orders of 17 May 2019 and 2 March 2020, multipoint supply was presumed unless the association resolved by majority to keep single point; the society had 30 days or would be deemed to have opted for multipoint.

S87. NPCL notice 144 of 15 September 2026

Utility notice · copy circulated to members · 2026-09-15

Addressed to the builder's MD and the AOA President/Secretary, copied to UPERC, the ADM, the DCP and residents via the notice board. Requires compliance within 15 days with the UPERC tariff order of 10 October 2024 for single-point bulk consumers: half-yearly reports of amounts collected from residents against amounts paid to NPCL, and a CA audit uploaded to NPCL's portal. Penalties of Rs 5,000, 10,000 and 15,000 for the first three defaults; otherwise NPCL would begin withdrawing single point and converting to multipoint at the cost of "you / residents". One sentence is cut at the page break.

S88. NPCL final notice 156 of 22 October 2026

Utility notice · copy circulated to members · 2026-10-22

Addressed to the builder's MD and, by name, AOA President Vinod Negi and Secretary Vijay Rastogi; copied to the DM/ADM, DCP and UPERC. NPCL says that after seeking police help on 14 October, its team, police and service provider visited on 15 October 2026, met resistance from about 200 residents insisting on a fresh survey, and halted on police advice. It demands access within 24 hours and a nominated society representative, says the team will come again on 28 October, refuses a re-survey and warns of

disconnection. Basis given: "three defaults" under the tariff order and the 13th Amendment, and resident complaints that electricity charges were adjusted into CAM and dues recovered through recharges. It does not say the AOA organised the opposition.

S89. AOA records giving the handover date

Association records circulated to members · seen, not reproduced · 2024-09-07

Three AOA minutes (22 December 2024, 24 August 2025, 17 February 2026) say the AOA took over maintenance from the builder on 7 September 2024; the AOA events deck and its annual "Hynish Day" on 7 September use the same date, and an AOA water circular gives "September 2024". The handover agreement and inventory themselves are not in these records. Not reproduced here because they are members-only minutes.

S104. Community: Hynish Day, cricket league and AOA events deck

Community notices circulated to members · seen, not reproduced · 2025-09-07

"Hynish Day" on 7 September marks the 2024 handover; a resident cricket league reached Season 4 in mid-2025 (52 players, 4 captains); an AOA deck shows festivals, national-day events, health and children's camps, plantation and cleanliness drives. Self-published by organisers: shows that events were held, not attendance. Not reproduced here because they carry residents' names and photographs.
