Sub: Final Notice for Providing Access for Inspection and Mandatory Multi-Point Conversion under the U.P. Electricity Supply Code, 2005.

Reference:

1. Communication of three defaults.
2. 13th Amendment of the UP Electricity Supply Code, 2005.
3. Tariff Order dated: 10.10.2024.
4. Notice dated 15.09.2026, bearing Ref. No. NPCL/C/2026-27/144.
5. E-mail dated 29.09.2026.
6. E-mail dated 30.09.2026, bearing Ref. No. NPCL/C/2026-27/148.
7. E-mail dated 01.10.2026, bearing Ref. No. NPCL/C/2026-27/149.
8. E-mail dated 07.10.2026, bearing Ref. No. NPCL/C/2026-27/151.
9. E-mail/Notice dated 13.10.2026, bearing Ref. No. NPCL/C/2026-27/152.

Dear Sir/Ma'am,

Reference be made to the above-referred notice dated 13.10.2026 for providing access for inspection and mandatory conversion of the existing Single-Point Electricity Supply arrangement at Panchsheel Hynish to Multi-Point Supply, in accordance with the U.P. Electricity Supply Code, 2005, as amended from time to time and the applicable Hon'ble Uttar Pradesh Electricity Regulatory Commission Tariff Orders.

Pursuant to the afore-mentioned notice, NPCL officials, along with police personnel and representatives of its authorized service provider, again visited the Society premises on 15.10.2026 for undertaking the mandatory Single-Point to Multi-Point conversion process. Prior thereto, NPCL had approached the local administration on 14.10.2026 seeking necessary police assistance to ensure smooth execution of the process. However, upon reaching the site, the NPCL team encountered substantial resistance from a large gathering of approximately 200 residents opposing the conversion activity, who insisted upon fresh survey of the society for conversion process. Due to the prevailing circumstances and apprehension of a law-and-order situation, the police authorities advised that the execution activity be temporarily halted to avoid any untoward incident.

Notwithstanding the above, it is once again reiterated that NPCL has already communicated its decision regarding the mandatory conversion of the existing Single Point Supply arrangement of Panchsheel Hynish into a Multi-Point Supply arrangement vide its above referenced communications dated 15.09.2026 and 01.10.2026 which were issued. In light of the repeated defaults, NPCL is proceeding with the mandatory conversion process in accordance with the provisions of the 13th Amendment to the U.P. Electricity Supply Code, 2005 and the Tariff Order dated 10.10.2024. The decision for mandatory conversion has not been taken in isolation but is consequent upon the occurrence of three defaults under the applicable regulatory framework, coupled with the complaints received from residents regarding the illegal adjustment of electricity charges into CAM charges, recovery of maintenance dues through the electricity recharge mechanism, disconnection of electricity supply etc.

The request for undertaking a re-survey cannot be acceded to, as the present conversion process is not a fresh conversion proposal but a mandatory conversion being undertaken pursuant to the occurrence of the aforementioned three defaults and in compliance with the provisions of the Tariff Order dated 10.10.2024 and the 13th Amendment to the U.P. Electricity Supply Code, 2005.

Accordingly, through the present notice, you are hereby called upon to provide immediate and unhindered access to NPCL officials and its authorized representatives within 24 hours from the receipt of this notice. Kindly note that our team shall again approach your premises on **28th October 2026.** You are further requested to nominate an authorized representative of the Society and communicate in writing the arrangements made for facilitating such access.

In the event of continued denial of access, obstruction or non-cooperation, NPCL shall be constrained to initiate appropriate proceedings and take such action as may be permissible **including disconnection of electricity supply,** without any further notice in this regard under the applicable Supply Code, UPERC orders and other relevant laws, without prejudice to its other rights and remedies.

You are also requested to ensure that all necessary cooperation is extended to prevent any untoward incident during the proposed visit. Any consequences arising from deliberate obstruction or non-cooperation shall be dealt with in accordance with applicable law.

This notice may be treated as **a final call for immediate cooperation and compliance** to facilitate the conversion process without further delay.

Yours truly,

On behalf of Noida Power Company Limited
